

Wellspring Support

Earlier this year I was asked to consider being a trustee of Wellspring. Wellspring was established as a registered charity in 1994 by the local Church Leaders and GPs, Wellspring offers confidential help and support to people in our local community. We offer our services to all who seek help irrespective of gender, ethnic origin or religious beliefs. I was asked to stand as a trustee being a representative of a Christian involved with Youth and Schools work across the North Somerset area. At present Wellspring is offering counselling services in Nailsea, Clevedon and Backwell schools. This is a local charity that is doing so much good for the mental wellbeing of the young people in our community. With the seemingly greater levels of stress and anxiety that young people have to deal with now, as well as us living in a culture more comfortable about talking their mental wellbeing their service is very busy. This is a huge privilege and a great way of linking my work in Schools with Wellspring.

Last Sunday

Last Sunday has been running since January. It is an ecumenical youth service for young people run by myself, Steve Tilley, Kirsty McGhee and Jon Coyshe. We meet at Golden Valley School on the last Sunday of each month from 5pm - 6pm. It's been a great opportunity for young people from across our churches to come and worship together as well as having the gospel opened to them in ways they maybe had not had it before. Please encourage the young people in your church to attend, feel free to contact me for more info.

Dates for your Diary/Prayer points
