TELLING THE CHRIST CHURCH STORY: PAST, PRESENT AND FUTURE

A 5-week course exploring how all of us, both as individuals and as a church community, might become more fruitful for God by making His love better known to others in our normal daily lives

Date: 5 consecutive Thursdays Oct 12th, 19th, 26th, Nov 2nd, 9th

Place: In church

Time: 10.30 am – 12.15, repeated at 7.30 – 9.15 pm

As part of the course we shall be introducing an exciting new proposed 5-year Vision for Christ Church which is designed to help us engage and interact more with the people who live and work in our parish. The course explores how our Christ Church mission field or 'frontline' has altered over time, and is still altering today as the population of Nailsea changes. It invites discussion of some new initiatives being considered with regard both to our mission work amongst this changing population, and also to our actual church building, so that we might make God's love better known in our parish and so be the fruitful church God wants us to be.

We would encourage the entire congregation to come and participate in these important discussions from the outset.
